

## DESIGNED & REFINED

We've always loved the polo shirt. From its smart sporting heritage to casual confidence, the iconic polo even inspired us to establish our brand.

Over the years, this equestrian classic has been designed and refined to suit every lifestyle and occasion. Today's classic Asquith polo has a fashion fit that's modern and retail ready. To ensure they are exceptionally easy to wear, many of our polos are cut from 100% cotton. A natural choice that is soft and breathable for day-long comfort that can take you from the office to an after-work event in effortless style.

Our bold colour palette adds extra personality and appeal to this wardrobe staple, and the tighter pique weave provides a superb surface for decoration. Together, these features elevate the Asquith polo from everyday to exceptional. The more creative you are with your branding, the more premium price our polo can demand. A smart choice for sports clubs, corporate or workwear that offers outstanding quality and value.
