

Maui

NEW

- **Main Fabric:** 100% textile-to-textile recycled polyester

A lightweight and comfortable cap, perfect for outdoor sports enthusiasts. Its standout feature is the moisture-wicking fabric, designed to absorb sweat and disperse it for incredibly fast drying. The Dry-Tech fabric on the sweatband and inner front panel ensures maximum functionality during your most active days. This cap doesn't compromise on style, featuring a laser-cut perforated pattern for enhanced breathability. It's also the first product in the collection to use textile-to-textile recycled polyester, made from a blend of 20% post-consumer and 80% pre-consumer materials. This innovative process reduces textile waste and promotes circularity.
