

## EVERY **DETAIL** COUNTS

Highest quality is our special concern. This is the only way to create a long-lasting and sustainable product that does not harm our environment. Therefore, we guarantee products of the highest refinement and quality, which are produced in an absolutely fair, environmentally-conscious manner and without harmful substances.

For our t-shirts, we use only certified 100% organic cotton. All other products in our range are certified according to OEKO-TEX STANDARD 100. Our textiles are colourfast and especially durable due to their processing. They are also characterized by an excellent finishing with high quality wear for many years!

## DESIGN AND COMFORT

**HRM Textil** offers stylish, high-quality products with a high recognition value and a fine attention to detail. Our highly competent team of designers is always informed about the latest trends. Therefore, our corporate fashion, promotion and workwear is always up-to-date - and yet timeless!

**Exclusive quality for corporate fashion, promotion and workwear.**
