# 100% ORGANIC IS NOT ENOUGH

20 years ago, we decided to go all the way being the only basic apparel brand in the world fully certified across the entire value chain.

Yes, our cotton is 100% organic, but what about the farmers who pick it? They deserve a premium pay! Factory workers? We secure safe working conditions and fair wages. Our energy? Powered by sun and wind. Wastewater? Thoroughly cleaned and reused. And the finished products? Screened from hazardous chemicals. All this defined and monitored by the strictest external organizations.

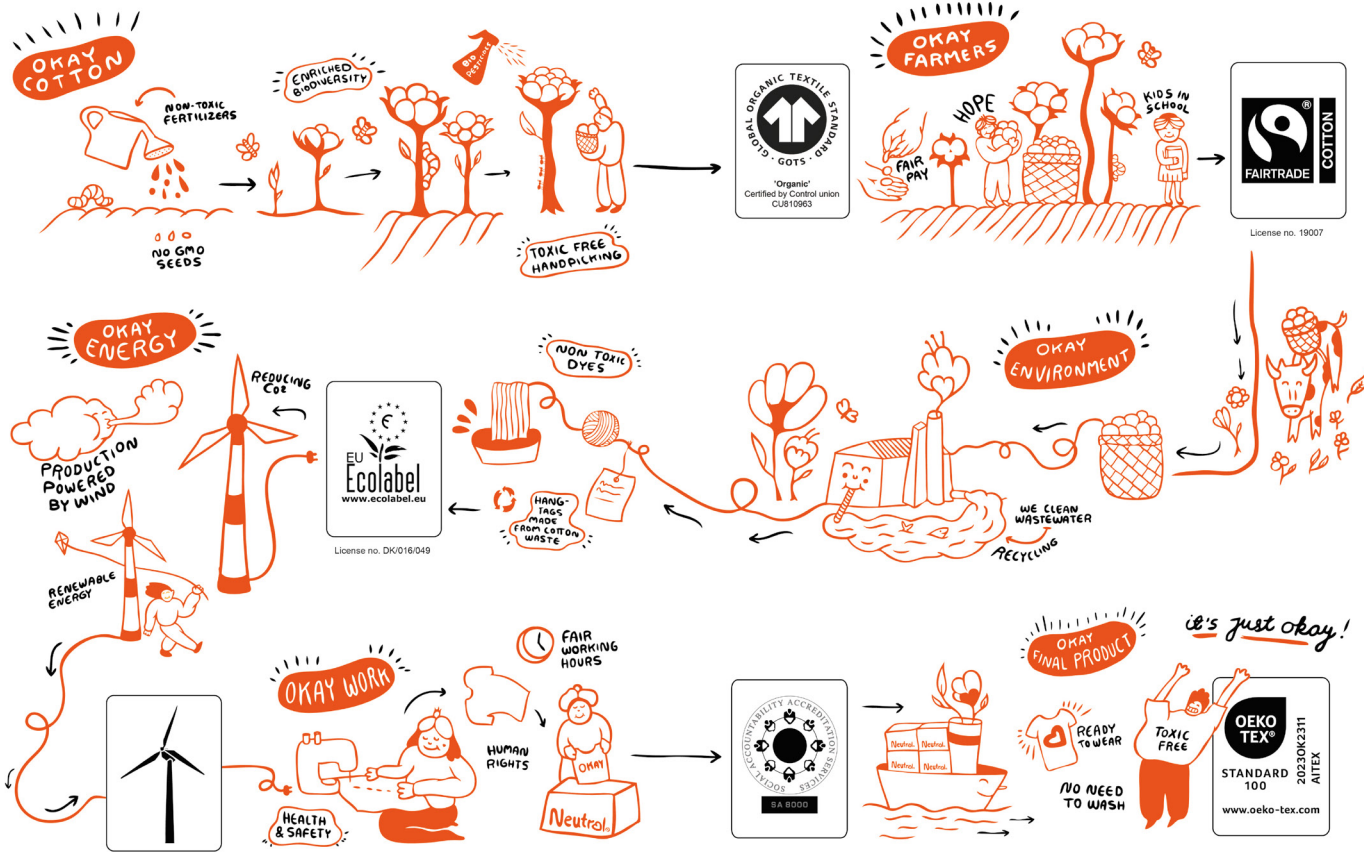

For us, it's more than clothing. It's a chain of care, from field to fabric, respecting people and planet in every thread.

**READY TO WEAR THE FUTURE?

# FROM COTTON TO GARMENT

All Neutral® products are 100% certified throughout our entire value chain and made according to the strictest ethical and environmental standards in the world!

## Biological fertilisers instead of chemicals

This means cleaner rivers and groundwater, enriched biodiversity and toxic free handpicking for farmers.

## Production powered by renewable energy

Neutral® contributes to a cleaner environment and fights climate change. The energy in surplus from production is led to the local community.

## Fairtrade isn't charity. It's the right way to trade

Farmers growing Neutral® cotton receive a fair price for their crops. We believe that good partnerships begin with being fair.

## Factory workers are hardworking people

So, it goes without saying that it's fair they have good, safe working conditions. By using SA8000, we know this is the case.

## Treating, reducing and recycling wastewater

We use the most environmentally friendly dyes and continuously innovate the way we make clothing according to the highest standards.

# TIGERS ♥ ORGANIC IN CONVERSION

Tiger Cotton® is on a mission to transform conventional cotton farming into organic — one field at a time!

We create high-quality, label-free essentials made from 100% organic in-conversion cotton and have invested in being 100% certified by top certifications such as the EU Ecolabel, SA8000, GOTS In Conversion, and Oeko-Tex.

## WHAT HAS COTTON GOT TO DO WITH TIGERS?

Named after the Bengal tigers in India, Tiger Cotton® helps restore nature. By growing cotton using organic methods, farmers create pollution free corridors for tigers to roam freely. Over 4,000 farmers have joined the movement — protecting wildlife, people, and the planet!
