#### ISO 9001: 2015

Is a globally recognized standard for quality management. It helps organizations of all sizes and sectors to improve their performance, meet customer expectations and demonstrate their commitment to quality. Its requirements define how to establish, implement, maintain, and continually improve a quality management system (QMS).

#### ISO 14001: 2015

Helps an organization achieve the intended outcomes of its environmental management system, which provide value for the environment, the organization itself and interested parties. Consistent with the organization's environmental policy

#### ISO 45001: 2018

Specifies requirements for an occupational health and safety (OH&S) management system, and gives guidance for its use, to enable organizations to provide safe and healthy workplaces by preventing work-related injury and ill health, as well as by proactively improving its OH&S performance.

#### ISO 28000: 2007

Specifies the requirements for a security management system, including those aspects critical to security assurance of the supply chain. Security management is linked to many other aspects of business management. Aspects include all activities controlled or influenced by organizations that impact on supply chain security. These other aspects should be considered directly, where and when they have an impact on security management, including transporting these goods along the supply chain.

#### GOTS

The Global Organic Textile Standard (GOTS) is the worldwide leading textile processing standard for organic fibres, including ecological and social criteria, backed up by independent third-party certification of the entire textile supply chain.

#### OCS 100

OCS certification applies to all supply chain sites of organically grown content: first processor, manufacturing, packaging and labeling, storage, handling, and shipping through the seller in the last business-to-business transaction. OCS 100 product may have a minimum of 95% and a maximum of 100% certified content.

#### OCS BLENDED

OCS certification applies to all supply chain sites of organically grown content: first processor, manufacturing, packaging and labeling, storage, handling, and shipping through the seller in the last business-to-business transaction. OCS Blended product may have a minimum of 5% and a maximum of 94% certified content.

#### GRS

Standard that sets requirements for third-party certification of Recycled Content, chain of custody, social and environmental practices, and chemical restrictions.

#### AEO

As an "Authorized Economic Operator", Roly is certified as a reliable importing and exporting company for customs authorities throughout the world, which facilitates the transit of the goods we commercialize.

#### OEKO-TEX

Most Roly products have this certificate that guarantees their commitment to all environmental requirements during the manufacturing process and that the fabrics, their dyes and any component of the garment, do not contain harmful or dangerous substances.

#### ILO

All factories which manufacture our products observe the requirements of Geneva Convention of November 1973 n° 138, which regulates the minimum age for employing minors.

#### FAIRTRADE

Fairtrade achieves this by rallying a global community of millions – farmers and workers, supply chain partners, brands, retailers, shoppers, schools, government – to pay fair prices and uphold fair production standards and practices.

#### PEFC

Roly is a member of PEFC, a program that promotes the sustainable management of forests to achieve a social, economic and environmental balance, which is why the paper used in this catalogue, and of most of the material printed by the company, is obtained from wood from sustainable forests.

#### REACH

REACH is the new European Union legislation applying to chemical substances, and its aim is to improve the protection of human health and environment from the risks arising from the use of chemicals.

#### VEGAN

We comply with PETA Approved Vegan Certificate. That means that our products are free of animal cruelty. We guarantee that neither our products nor our manufacturing procedures involve animal abuse, animal tissues or animal tests

#### TAPA

The Transported Asset Protection Association prevents transportation crimes, cargo theft and loss of goods in the supply chain.

#### SMETA 4 PILLARS

Audit that covers the Labor and Healthy & Safety standards of the 4-pillar audit, as well as Environmental Assessment and Business Ethics.

#### SEDEX

Sedex is a global technology company that specialises in data, insights and professional services to empower supply chain sustainability. Environmental management system. Provide safe and healthy workplaces by preventing work-related injury and ill health, by proactively improving.

#### SA 8000

With the international SA8000 certification standard, we develop, maintain and apply socially acceptable practices in the workplace.

#### WCA
