Editorial

Dear partner,

It is with immense pride and sincere gratitude that we bring you the 34th edition of our annual catalogue. Our almost 35-year common journey has been characterised by constant innovation, adaptation to market needs and style, enabling us to anticipate future trends. This new edition represents a significant milestone in our journey since from now on all our brands are united under the name Solo.

Today, Solo and its brands take an important step forward in terms of environmental responsibility and transparency. We unveil our quantified commitments and our ambitious strategy to reduce our carbon footprint, gathered under the name act4u. We take a major step through a widespread use of sustainable materials and environmentally friendly production processes. Our new collections include organic, recycled and ethically made fabrics, guaranteeing a greener fashion, greater traceability and transparency for you and your customers.

At the same time, true to this commitment, we keep placing even more emphasis on quality, the cornerstone of our reputation and of our relationship of trust with you. Each item of our collections is designed to offer outstanding durability and optimum comfort, meeting your customers' most demanding requirements. This relentless pursuit of excellence is proof of our commitment to providing you with products at the best quality/price ratio and that you can always rely on.

In this 34th edition, we also bring a breath of fresh air to our colour range and designs. For this year, we have carefully selected new shades to mirror current trends, offering bold shades and soothing tones that will suit all tastes. Our new styles combine elegance and modernity, offering options ranging from revisited classic cuts to ultra-practical designs for professional use. Finally, building on the success of our first collaboration, we strengthen our streetwear offering with new items developed with *Pablo T-shirt Factory*.

We invite you to explore our new collections and to be inspired by the infinite possibilities they offer. Let's make this 34th edition a real success, in harmony with our planet and at the service of tomorrow's fashion.

Thank you for your trust and loyalty, which drive our enthusiasm and our reason for being.

Sincerely,

Alain Milgrom
Chairman

Audélia Krief

SOL'S®

the fair spirit

For over 30 years, SOL'S has established itself in various product categories, offering an ever more complete and inspiring collection, designed to last and meet the needs of the most demanding consumers and users. Renowned for its timeless basic products and for its quality, the brand draws inspiration from the dynamic, effervescent energy of Paris. Through bold collaborations and the annual introduction of new, original shades, SOL'S continually expands its range to meet market expectations.

REINVENTED POLO SHIRTS: THE RETURN OF A CLASSIC

The polo shirt, the cornerstone of our collection, is now available in new, modern and contemporary models. This range "refreshment" reflects our desire to be resolutely on trend. We have reworked the fits to offer optimum comfort and international sizing. Our goal is to offer modern, essential products with revised fits and well-thought-out details. Comfort, perfect fit and modernity are at the heart of this new range of polo shirts.

ELEMENTS EDITION

295 POOL BLUE

321 AQUA

102 WHITE

141 PALE PINK

171 ASTRAL PURPLE

SOL'S®
the fair spirit

"Elements Edition", a wonderfully designed colour range combining five existing shades that go beautifully together. Inspired by the harmonious union of sea and sky, this colour range encourages you to reconnect with the natural elements. With washed pool blues and graphic touches of pink, each colour complements the others to create a harmonious and subtle look.

FOLK EDITION

173 FOLK RED

172 FOLK PINK

119 LINEN

SOL'S®
the fair spirit

Three new colours: Folk Pink, Folk Red and Linen make up the "Folk Edition".
Capturing the essence of an Indian summer, these shades bring a warm and soothing influence to the SOL'S colour range.
Optimistic and folk-inspired, these shades are ready to enhance our colour range for the coming year.

HIGH-PERFORMANCE, DURABLE OUTERWEAR

We expand our outerwear range by drawing on our existing product families to offer a clear, competitive and complete product line. Our collection is made up of items that combine functionality, performance and style. Each product is designed to meet the expectations of companies, brands and professionals looking for technical and durable clothing.

Whether for teams in the field or companies in need of functional, comfortable and aesthetic clothing, our outerwear range will meet all needs.

RTP® APPAREL •

The leading brand in pre-treated organic cotton T-shirts. Ready-to-Print. Designed for digital printing. Exceptional results in terms of colours and details.

"Pioneering for a sustainable personalization industry"

At Solo, ethics have always been central to our activities. We maintain responsible and fair relationships, both with our colleagues and with our industrial partners and service providers. Our commitment to our customers is to create timeless products that are made to last, designed with care and manufactured in a way that respects the environment as well as the people who make them.

As a leading player in our sector, we take the responsibility to drive the transformation of our industry. Every year, we make progress, but there is still a long way to go!

act4u is our action plan, bringing together our commitments to a sustainable and ethical future. It maps out our path: where we start from, where we go and how we will get there. The 'U' stand for "Universe", "Union" or can also mean "you". All these references mean that our group takes measures to protect and preserve the environment, promote equality, respect and safety for all stakeholders in our business and the community at large.

act4u is based on four pillars:

U are the PLANET

In 2024, Solo made a "well-below 2°C" commitment to the SBTi (Science Based Targets Initiative). Our goal is to reduce greenhouse gas emissions from all our activities in line with the Paris Agreement.

U are the PROMOTER

we rely on audits and certifications in order to bring transparency to our actions. At Solo, we believe that we are much stronger together. This is why we are involved in several international associations, which bring together the major players in the industry.

U are the PEOPLE

Solo promotes respectful and safe working conditions, both in our facilities and in those of our partners in Asia. We aim to improve the living conditions of cotton growers and promote well-being at work, training and inclusion.

U are the CHANGE

Solo puts its commitments into practice internally and with all its partners. As a leader, we must show that it is possible to change things in a meaningful and sincere way. Together, we can ensure a sustainable future!

With **act4u**, Solo is more than ever at your side to offer you quality products in line with your values and your own commitments to sustainable development. Are you following us?

Commitments throughout the whole value chain

RAW MATERIALS

MANUFACTURING

LOGISTICS

Organic cotton certifications

Organic cotton is grown according to strict specifications: no GMO seeds, ban on synthetic pesticides and herbicides, ban on chemical fertilizers, sustainable water management, etc.

These farming practices help maintaining healthy soils and promote biodiversity. At Solo, we rely on 2 labels to guarantee the traceability of our organic cotton products: OCS (Organic Content Standard) and GOTS (Global Organic Textile Standard).

The Fair Wear Foundation

is an international, independent, non-profit organisation founded in 1999. It aims to monitor and improve labour conditions throughout the clothing production chain. To achieve this goal, it works with all stakeholders in the garment sector. The Fair Wear Foundation's standards are based on the International Labour Organisation (ILO) and the Universal Declaration of Human Rights. Their aim is to provide workers in the garment industry with rights that guarantee them stable, dignified and properly paid employment with reasonable working hours as well as safe and healthy conditions.

Cascale

(formerly Sustainable Apparel Coalition - SAC) brings together 300 members from across the value chain (brands, factories, trade unions, NGOs, etc.) operating in the textile and consumer goods sectors. Founded in 2009 under the joint initiative of Walmart and Patagonia, it aims to catalyse collective action with 3 objectives: to combat global warming, to guarantee decent work for all and to ensure a nature-friendly future. To this end, Cascale developed the Higg Index, a suite of tools to measure the environmental and social impacts across the value chain, at the brand, manufacturer or finished product level.

The Science Based Targets Initiative (SBTi)

is an independent, non-profit organisation, which was founded on the initiative of the United Nations following COP21 in 2015. It establishes a "science-based" framework to decarbonise companies (method for calculating emissions, reduction path, etc.). In 2024, Solo publicly committed to initiating a decarbonisation process.

Textile innovation:

perfectly stable light colours, even after going through a tunnel dryer with high temperatures!

Organic cotton: what is it?

Cotton is the most produced plant-based material in the world. Organic farming practices bans pesticides or chemical fertilizers but also the cultivation of GMO seeds. Thus, organic farming conducts to avoid the use (and manufacturing) of synthetic inputs¹. It has a combined effect: reducing energy consumption by up to 30-70 percent per unit of land² and makes organic farmers less dependent from agrochemical groups.

Organic farming is also recognised as a vital tool in climate change mitigation as it can build soil carbon and lower GHG emissions³.

¹ Seufert & Ramankutt, 2017 - Many shades of gray - The context-dependent performance of organic agriculture.

² IFOAM-Organics International, 2020 - Organic Agriculture Countering Climate Change.

³ IPCC, 2019 - Special Report on Climate Change and Land.

**BEST DEAL
RECYCLED COTTON**

Recycled cotton: how is it done?

There are several ways to recycle cotton. At Solo, we only use «pre-consumer» recycled cotton.

This involves recycling fabric scraps generated during the manufacturing of garments.

These fabric pieces will follow the exact same process as conventional cotton: they will be transformed into fibers, spun, knit and dyed (in order to guarantee colour consistency).

SOL'S TUNER

PRODUCT HISTORY

Since 1990, Direct to Garment (DTG) technology has continuously improved, focusing on quality, speed, versatility, durability, and automation.

We have designed a new fabric that perfectly meets the requirements of digital printing while selecting high-performance dyes and textile auxiliaries: SOL'S TUNER was born.

It is this combination that offers a perfect solution for digital printing, allowing for excellence and consistent production.

3 KEY FACTS ABOUT SOL'S TUNER

COTTON USA TM

The SOL'S TUNER t-shirt is made of 100% high-quality cotton, grown in the United States. In line with certification requirements according to US guidelines and PROP 65.

Learn more: <https://www.cottonusa.org/>

Comfort and trendy sizing

When we created SOL'S TUNER, we wanted everyone to feel comfortable wearing it. We opted for a comfortable sizing to offer a more universal and trendy fit.

Excellent product quality

We adhere to retail quality parameters, which include pre-shrinking the fabric, controlling twisting, and colour change after repeated washing cycles. We also adhere to the most reliable and consistent supply chain standards to meet the strictest licensing requirements.

FOR WHOM?

SOL'S TUNER is particularly suitable for:

3
years

IC2 (in conversion)

When cotton farmers decide to switch to organic farming, they start applying organic methods from the first year. However, it is considered that it takes 3 years for the soil to eliminate all traces of chemical agents. That is why cotton, although grown according to the constraints of organic agriculture, can only be certified organic after 3 years. During the transition period, it is referred to as «in conversion».

Organic Cut and Sewn

Our SOL'S LEGEND t-shirt is the first SOL'S organic model to be cut and sewn.

The organic combed cotton jersey (grown without pesticides or herbicides) is smooth, durable, and environmentally friendly. It provides an excellent base for customisation.

Unlike the tubular technique, which involves having the body of the t-shirt in one piece, the cut and sewn construction involves assembling the front and back pieces through side seams.

This technique has multiple advantages: it perfectly adapts to the consumer's body shape, strengthens the fabric through seams, and most importantly, makes the work of our screen printing partners easier.

SOL'S LEGEND 03981

20%

Recycled cotton from our own scraps

During the cutting of a garment, on average, 20% of the material is lost and discarded. For the production of our SOL'S ODYSSEY t-shirt, we collect our scraps and recycle them to turn them back into fabric.

For greater environmental respect, we do not dye this new fabric. Indeed, this step in the production process requires a lot of water and energy, which is why we collect the waste by colour. This explains the slight variations and irregularities in colours in the finished product, which significantly reduces the environmental impact.

French terry

French terry, also known as loopback knit, is ideal for making sweatshirts. Lighter and less warm than fleece, it is comfortable in any season.

French terry is recognisable by its loops on the back of the fabric. These loops make it particularly comfortable and give it absorbent properties.

You can find it, for example, in our range of eco-friendly sweatshirts SOL'S Calypso and SOL'S Constellation, or in the SOL'S Jet jogging pants.

Explanation of *Organic Certifications*

When we say that a garment is certified organic, it means that it has obtained the label issued by a certifying body.

This organisation ensures that each step of the product's manufacturing process meets the strict standards of the label.

Solo markets organic cotton garments under the OCS (Organic Content Standard) label: OCS 100 and OCS BLENDED, as well as models made from cotton in conversion under the GOTS (Global Organic Textile Standard) label.

The certifying body ensures the traceability of our products. Its role is to trace the material and ensure that throughout the production chain, organic cotton is never mixed with conventional cotton.

IDFL TE-99972636

This certification covers the processing, manufacturing, packaging, labeling, marketing, and distribution of any product containing at least 95% certified organic materials.

IDFL TE-99972636

This certification applies to garments made from a blend of organic cotton and other materials. This standard indicates that the garment is composed of a minimum of 5% certified organic cotton.

IDFL 011172

This certification guarantees that a minimum of 95% organic fibers make up the product and that, from the production of the raw material to the production of the finished product, the processes used are socially responsible and environmentally friendly. This certification covers all stages of manufacturing up to the sale to the end customer.

Aware™ is an innovative start-up that provides transparency and traceability to consumers.

To do this, trackers are integrated into the fiber, they are the unique identifier of the material and will record information from each step of the garment manufacturing process.

Several pieces of information are collected (factory name, address, manufacturing process): they constitute the digital passport of the product and are stored in the trackers.

All this information is certified and accessible via a QR code on the label, allowing users to know everything about the garment they are wearing and that the fiber used is the same from beginning to end of the chain.

To learn more: <https://wearaware.co>

Better cotton

Better Cotton's mission is to help cotton communities survive and thrive while protecting and restoring the environment. Through its implementing partners, Better Cotton trains farmers to use water efficiently, care for soil health and natural habitats, reduce use of the most harmful chemicals and respect workers' rights and wellbeing.

CORPORATE WEAR

THE SHIRT ART

CHOOSE THE RIGHT MODEL

COLLARS

Classic collar

The classic collar is the most common type and is slightly spread. This traditional model is a must-have, ideal in all circumstances and suitable for both business and casual styles.

SOL'S BALTIMORE FIT
p148

Italian collar

Fairly similar to the French collar, it is characterised by a wider opening and slanted points, cut away from the perpendicular.

NEOBLU BLAISE MEN
p156

Button-down collar

The distinguishing feature of this collar resides in the buttons that fasten its points. They give a good support to the collar.

SOL'S BOSTON
p150

Stiffened collar

This option is available for some of our shirts. It is possible to offer a better support to the collar by adding stays on its points, which prevent it from deforming. Thus, the stiffened collar gives the shirt a chic and dressy style.

SOL'S BRISBANE
p151

The mandarin collar

The mandarin collar is a simple collar stand with rounded corners. It is easily recognised as it has no flap.

NEOBLU BART MEN
p158

PLACKETS

French placket

SOL'S BRIGHTON
p152

Conventional placket (American placket)

SOL'S BOSTON
p150

Concealed placket

NEOBLU BART MEN
p158

CUFFS

Bound slit

The bound slit is located at the wrist level. It is a pointed slit that gives a smart finish to the shirt.

SOL'S BRODY MEN
p155

Adjustable cuff

More comfortable

SOL'S BALTIMORE
p148

2-button cut corner cuff

SOL'S BRIGHTON
p152

1-button square cuff

SOL'S BARRY MEN
p154

CUTS

CHOOSE THE RIGHT CUT FOR YOUR SHIRT

SOL'S BRODY MEN
p155

Straight cut

Unfitted cut, straight fall.
A loose fit that prioritizes comfort.

SOL'S BALTIMORE FIT
p148

Adjusted cut

A modern and the most universal cut, suited to the majority of men. This cut is slightly tighter around the chest so as to emphasise the silhouette without being too close-fitting. Ideal for the Corporate range.

SOL'S BLAKE MEN
p154

Slim fit

Closer to the body and fitted at the waist, it is a cut that hugs the curves and really enhances the silhouette.

SOL'S EDEN
p152

Fitted cut

Essential cut of the women's closet, it highlights the waist of women. Wider at the chest and hips, it remains comfortable and chic.

THE ART OF THE SUIT

CHOOSING THE RIGHT MODEL

CONVENTIONAL LOOK

NEOBLU Marius
p167

Fully lined twill suit jacket. Its notched collar, flap pockets, and back vent make it the ideal jacket for a flawless look.

NEOBLU Gabin
p164

With its invisible elastic waistband, these suit pants are particularly suited for a formal, elegant yet contemporary look.

NEOBLU Constance
p165

Elegant and sophisticated, this knee-length straight skirt can be worn in endless ways. Its elastic waistband and invisible zip closure at the back make it both comfortable and stylish.

NEOBLU Max vest
p167

The ultimate piece of the 3-piece suit, the vest is the extra touch that makes a difference in terms of elegance. Its 5 buttons, welt pockets, and back strap all contribute to the comfort and style of the wearer.

ELEGANT AND CASUAL LOOK

NEOBLU Marcel
p166

Semi-lined suit jacket. Its classic cut combined with its quilted knit make it the ideal jacket for an elegant yet casual look.

NEOBLU Germain
p164

The ultimate unisex pants, NEOBLU GERMAIN has the look of a modern suit pants and the comfort of joggers. Perfectly suited for urban mobility, it offers remarkable comfort thanks to its elastic waistband and drawstrings.

NEOBLU Camille
p165

Simple and contemporary, the short-sleeved midi dress can be worn at any time of the day for an elegant look. Feminine with its rounded neckline, it is also comfortable to wear thanks to its soft and lightweight milano knit.

NEOBLU Chloé
p165

An essential piece in the women's wardrobe and suitable for all body types, the A-line skirt offers an elegant image to the women who wear it. With its invisible closure and milano knit, it has a perfect drape.

RWS Wool

The merino wool used in the NEOBLU collection sweaters is certified RWS (Responsible Wool Standard). This guarantees full traceability of the wool from certified farms. This certification commits breeders and farmers to ensuring animal welfare throughout their lives and to good management of agricultural land and biodiversity. It is also a guarantee of respect for social practices as recommended by the International Labour Organization.

Recycled Polyester

The recycled polyester we use is made from used plastic bottles. After being collected, these bottles are washed and cut into chips, which are then melted and transformed into polyester yarn that can be woven into comfortable and high-quality clothing.

All of our recycled polyester material is GRS (Global Recycled Standard) certified, which guarantees not only the recycled content but also verifies compliance with environmental and social criteria. Only products made with a minimum of 50% recycled polyester are GRS certified.

SORONA®, an ecological alternative to down and feathers

To replace the filling of down jackets or other parkas made from animal down or feathers, we use an ecological alternative with remarkable performance in terms of warmth, care, and quality. Made through a process of glucose extraction and fermentation, SORONA® requires less energy and water than other synthetic materials such as nylon, reducing our dependence on oil. Moreover, this polymer is made from 37% renewable plant compounds (corn), making it a real ecological alternative to animal feathers.

Textile innovation:

perfectly stable light colours, even after going through a tunnel dryer with high temperatures!

SOL'S, always in tune with the market, innovates with a new dyeing process for light colours. This technology offers greater resistance to yellowing, even at high temperatures, guaranteeing our T-shirts durability and brilliance, to better meet our customers' needs.

MATERIAL GUIDE

RINGSPUN

Our T-shirts are knitted with superior quality Ringspun yarns, offering garments a soft handfeel that makes them pleasant to wear and perfect to print. It is the European quality answer to American looser and less sophisticated weaves that use open-end cotton.

THE FIBRES

COMBED COTTON

With its long fibres, it is so called because the yarn is combed to remove impurities and shorter fibres, making the material smoother and stronger. Perfect for digital printing.

ELASTANE

A very stretchy yarn that is mixed with cotton to provide greater elasticity and comfort.

VISCOSE

Viscose is a fibre obtained from plant cellulose. Visually very similar to silk, this material is much stronger. It is often found in sweaters or suits.

KNITS

JERSEY

This basic knitting makes the material soft, strong and supple with a smooth surface ideal for all customisation techniques.

MILANO

Milano fabric is a soft interlock jersey with excellent shape retention. The face has the appearance of jersey, whilst the reverse is ribbed. It is ideal for dresses and skirts.

PIQUÉ

Very comfortable fabric with a honeycomb pattern, mainly used for polo shirts. Thanks to its combed cotton, our piqué has a particularly smooth surface perfect for all customisation techniques.

POLAR FLEECE

Polyester knit, thoroughly brushed on both sides, which resembles fleece. All our polar fleeces have an anti-pilling treatment, which prevents the formation of pills caused by friction.

FRENCH TERRY

French Terry has one flat side and the other with large loops. When the loops are in contact with the skin, they provide a better absorption of humidity and a greater comfort.

FLEECE

Heavy knit with polyester and cotton. Its inside surface is brushed to make it warm and soft.

WEAVES

POPLIN

Poplin is a weave with a fine, tight rib. This supple fabric is very comfortable. It is mostly used for making shirts.

OXFORD

Soft, very strong fabric used for shirts. Coloured yarns are used for the warp while white yarns make the weft, emphasizing the plaiting effect.

TWILL

Cotton or cotton blend serge fabric with thin, diagonal ribs.

DENIM

High-quality, tightly woven fabric. Denim usually comprises a blue warp and a cream or white weft. Its twill weave forming diagonal lines makes it visually recognisable.

CANVAS

Also known as cretonne, this is a hardwearing fabric with a tight weave. Usually made from cotton yarns with a square structure, it is perfect for making bags.

SOFTSHELL

Material consisting of three layers: the outer layer is neoprene-based with added elastane, the inside layer is a micro fleece, with a technical layer in-between. The material is insulated for warmth, water-resistant, breathable and wind-proof.
